MMM Coronas *discover mountain* ***culture & art***

A family of four is hiking on a dirt path in a mountainous region. In the foreground, a child is partially visible, standing next to a large wooden butterfly sculpture. In the middle ground, another child stands between two more large wooden butterfly sculptures. To the left, a man and a woman are walking away from the camera. The background features a vast landscape of green valleys and rugged mountains, some with patches of snow, under a clear blue sky.

From April till November

An aerial photograph of a vast mountain range during the golden hour of sunset. The sun is low on the horizon to the right, casting a warm, orange glow across the sky and the mountain peaks. The mountains are rugged, with steep, rocky slopes and some patches of snow or light-colored rock near the summits. The foreground shows a valley with green grass, winding roads, and a few small buildings. The word "THANKS!" is written in large, white, sans-serif capital letters across the center of the image, partially obscuring the mountain peaks.

THANKS!
