|--------------------|------------------|---------|----------|
| President/Chairman | Perretta Nicolas | France  | Operator |

|                   |    | Country                                          | Company                                                                 |
|-------------------|----|--------------------------------------------------|-------------------------------------------------------------------------|
| Number of Members | 21 | 3-A    3-D<br>5-F    2-SP<br>1-CH   3-AND<br>4-I | 8 - Authority<br>3 – constructors<br>10 – operator<br>(1 – interpreter) |

| Meetings | Date From – to      | Location/Place | Notes |
|----------|---------------------|----------------|-------|
| Com VI   | January 16-17, 2025 | Andorra        |       |
| Com VI   | October 21-22, 2025 | Pisa, It       |       |
|          |                     |                |       |

### RESUME

#### Activity areas :

- Development of recommendations on the operation of ropeway installations
- Analysis of operational issues arising at ropeway installations in relation to passengers, material used, organization, environment, etc.
- Analysis of malfunctions, special incidents and accidents
- Monitoring the development of methods and equipment for operations, maintenance, inspections, etc.
- Preparation of proposals addressing these issues in order to solve problems or mitigate consequences
- 

#### Last produced recommendation :

“Recommendations for the operation of cables carrying people”

#### Current topics being studied :

Influence and/or interaction of AI on operations of ropeway installations  
Integration of Corporate Social Responsibility into operations of ropeway installations  
Analyze the requirements of manufacturers on the maintenance of installations
